EDUCATION

VIT Bhopal University <i>Bachelor of Technology in Computer Science & Engineering</i>	Sehore, India 2024 -- 2028
Sanmati Higher Secondary School <i>Senior Secondary (XII), CBSE -- Science, 76.20%</i>	Indore, India 2023
Sanmati Higher Secondary School <i>Secondary (X), CBSE -- 84.00%</i>	Indore, India 2021

EXPERIENCE

Unity Game Developer <i>Self-Employed (Independent Game Development Projects)</i>	Apr. 2026 -- Present Remote
- Engineered 7+ 2D and 3D games in Unity using C#, implementing gameplay mechanics, UI systems, physics simulations, and AI-driven enemy behavior - Designed, tested, and debugged gameplay features end-to-end, optimizing performance and publishing completed builds to itch.io - Built reusable, object-oriented game systems including player controllers, collectible/inventory logic, timers, puzzle mechanics, and scoring frameworks - Iterated on game architecture and user experience through structured playtesting, version control (Git/GitHub), and agile development practices	

PROJECTS

Rate My Run <i>Unity, C#</i>	July 2026
- Built and shipped a 2D speedrun platformer for Kenney Jam 2026, competing among 572 global submissions - Designed a replay-focused 5-star rating system that decays over time, implementing player movement and UI under a fixed jam deadline	
Jump Tac Toe <i>Unity, C#, AI</i>	July 2026
- Designed and built a 3D strategy game in 2 hours 40 minutes for Trijam #379, a rapid 3-hour game jam, ranking among 28 entries and earning a #9 Visuals placement from 10 community ratings - Implemented an AI opponent with blocking/winning logic, turn-based game state management, and keyboard-based player controls - Resolved a UI scaling bug across resolutions from 1280x720 to 5120x1440 ultrawide based on direct player feedback post-launch	
Pac-Man using Pygame <i>Python, Pygame</i>	May 2026
Recreated the classic Pac-Man game in Python with Pygame, featuring ghost AI, collision detection, power pellets, and a scoring system	

TECHNICAL SKILLS

Unity Engine, C++ Programming, C#.NET, C#, GitHub, Python, Python Libraries, Game development, Agile development, Problem solving, OOPs

CERTIFICATIONS

- More C# Programming and Unity -- University of Colorado (Coursera)
- Intro to AR/VR/MR/XR: Technologies, Applications and Issues -- University of Michigan (Coursera)
