GitHub | Portfolio

PROFESSIONAL SUMMARY

Early-career gameplay programmer focused on Unity and C#, with hands-on experience building 7+ 2D/3D games featuring custom gameplay systems, AI behavior, and UI. Comfortable across the development cycle from game design and prototyping to implementation and testing, with a habit of shipping playable, replayable builds through iterative design and clean, maintainable code.

TECHNICAL SKILLS

Game Development: Unity Engine, C#.NET, Gameplay Programming, Game Design & Prototyping

Programming Languages: C#, C++, Python

Tools & Technologies: Git, GitHub

QA & Testing: QA Testing, Playtesting, Bug Identification & Reporting

Practices: Agile Development, Problem Solving, Object-Oriented Programming (OOP)

EXPERIENCE

Unity Game Developer — Independent / Self-Employed
Apr. 2026 – Present | Remote

- Built 7+ 2D and 3D games using Unity and C#, implementing gameplay mechanics, UI systems, physics, and AI-driven enemy behavior.
- Shipped **Rate My Run**, a 2D speedrun platformer with a replay-focused rating system, for Kenney Jam 2026 — competing among 572 global submissions.
- Built **Jump Tac Toe**, a 3D strategy game with an AI opponent, in 2h 40m for Trijam #379 (a 3-hour jam) — ranked #9 in Visuals among 28 entries from 10 community ratings.
- Recreated **Pac-Man** in Python using Pygame, implementing ghost AI, collision detection, and a scoring system.

SELECTED GAME DEVELOPMENT PROJECTS

Rate My Run — Unity, C# (Game Jam Release)
- 2D speedrun platformer built for Kenney Jam 2026; designed and implemented a replay-focused rating system.
- Competed among 572 global submissions.

Jump Tac Toe — Unity, C# (Game Jam Release)
- 3D strategy game built solo in 2h 40m for Trijam #379, a strict 3-hour game jam.
- Designed and implemented an AI opponent for turn-based strategic play.
- Ranked #9 in Visuals among 28 entries, based on 10 community ratings.

Pac-Man Recreation — Python, Pygame
- Rebuilt the classic Pac-Man gameplay loop from scratch in Python.
- Implemented ghost AI behavior, collision detection, and a scoring system.

GAME JAMS / RELEASES

- **Kenney Jam 2026** — Rate My Run (2D platformer); 572 global submissions.
- **Trijam #379** — Jump Tac Toe (3D strategy, 3-hour jam); #9 in Visuals of 28 entries.

EDUCATION

VIT Bhopal University — Bachelor of Technology, Computer Science & Engineering
2024 – 2028 | Sehore, India

Sanmati Higher Secondary School — Senior Secondary (XII), CBSE – Science, 76.20%

2023 | Indore, India

Sanmati Higher Secondary School — Secondary (X), CBSE, 84.00%
2021 | Indore, India

ADDITIONAL

- **Certifications:** More C# Programming and Unity — University of Colorado; Intro to AR/VR/MR/XR — University of Michigan.
- **Achievements:** Kenney Jam 2026 — shipped Rate My Run among 572 global submissions.
- **Achievements:** Trijam #379 — ranked #9 in Visuals (28 entries, 10 ratings) for Jump Tac Toe, built in 2h 40m.
